Dear friends of CMNN, the Museum is so excited that summer is here! We are having two camps this month! Art and Culture Camp will be an adventure around the world this year! Each day will be a new country to explore and create. Our STEM Camp will focus on science, technology, engineering, and math this year! It’s not just science but so much more. Come and explore the world of STEM in all aspects of life! June Art and Culture Camp will be held from July 26-30 and June STEM Camp will be held from July 12-16. For more information regarding the Museum’s summer camps you can visit cmnn.org or call (775)721-4776.

The downstairs will be closed July 12-16 and July 26-30 due to summer camps!
