

JUNE 2020

CHILDREN'S MUSEUM OF NORTHERN NEVADA

Dear friends of CMNN, as we head into the summer season, we are eagerly anticipating our reopening. We will open our doors to the public as soon as we move into Stage III of the government's response to COVID-19. All staff members have been trained on proper cleaning and disinfecting procedures following OSHA guidelines and safety precautions. Daily deep cleaning and sanitizing will take place after hours. Throughout the day, museum staff members will continuously disinfect with EPA-registered disinfectant with an emphasis on frequently touched surfaces. All employees will be trained on sanitation, handwashing, and appropriate use of Personal Protective Equipment (PPE). Appropriate PPE will be worn by all employees based on their role and responsibilities, and in adherence to state or local regulations and guidance.

Visitors will be advised to practice physical (social) distancing by standing at least six feet away from other groups. Visible markers will be placed on the ground indicating the distance of six feet of separation between guests in appropriate areas.

In the interest of enriching the experience of our visitors, we will now provide arts & crafts activities each day of the week. Every morning between the hours of 10am and 12pm, our resident Teaching Artist will facilitate art studio time in a designated area near the admissions desk. Each child will receive their own personal kit of supplies to participate in the daily project. Proper hand hygiene and disinfecting of shared surfaces will be emphasized in this zone. Tables and high-touch areas will be sanitized every 30 minutes and in between each use, if possible.

IMPORTANT NEWS

Much of the Museum has undergone an extensive remodeling process. The main event floor has been refinished, our entry mural is complete, and we have repainted many areas. Additionally, plexiglass partitions will be installed at the admissions desk to protect the health and safety of both visitors and staff members. Disposable masks and gloves will be provided at the admissions desk upon request. As such, all visitors are encouraged to wear a mask or face covering while at the Museum. The health and wellness of our members and guests is our top priority. That said, CMNN will remain responsive to guidelines from the Centers for Disease Control (CDC) and the State of Nevada.
